ATHLETIC DECALS INC.

RETAIL PRICE LIST

THANKS FOR MAKING ATHLETIC DECALS YOUR SUPPLIER OF HELMET DECALS AND DECAL PRODUCTS FOR ALL SPORTS.

Here's some information that we hope is helpful to you ...

This is our current price list effective on JANUARY 1, 2010. If you have any questions, please feel free to call us anytime, Monday thru Friday, 8-5 Central. At ADI, we strive to serve you, our customer, as best we can. If there is anything we can do to make our service better, please let us know. We're somebody's customer too, and we try to treat you as we want to be treated.

ADI was founded in 1999 with the expressed desire to provide the best service and product possible. We also decided to work, for the most part, thru dealers like you. Because of that, our prices usually will not be lower than online or direct sales companies. However, you can rest assured first, we will give you the same product and service we give to our college and Pro customers and second, that our catalog will not end up in your customer's hands as a mailing from us and we will not contact them to sell "direct" at wholesale prices.

Other companies will say that they "sell to the pros", but that is simply not the case. As the official licensee to the NFL for helmet decals, ADI provides decals to every NFL team. ADI also provides decals to the Canadian Football League, Arena Football 1, National Hockey League and to 1/2 of all NCAA BCS (Division 1) schools. For a list of our Pro and College customers, feel free to e-mail us and we'll send it right out to you.

While ADI is the officially licensed supplier of Helmet Decals to the National Football League, we do not have a license to sell NFL decals to youth leagues or high schools. Please note - there is NO decal company that is licensed to sell NFL decals.

Because of our close relationship to Pro and College teams, it is our policy not to copy or "knock off" logos. Other companies may tell you otherwise, but the best we can tell, changing sizes, colors or the logo "content" by at least 15% does not make it alright to use someone else's logo. For that reason, we do not post every logo we have in our files - artwork and logos are real as well as intellectual property. That is why we came up with our "quickorder" and "ISD" decals - to give your customer a source of original artwork that is high quality, but won't get anyone in trouble for using it -- and we have seen a real jump in Pro Teams and NCAA schools aggressively protecting their logos. REMEMBER, just because a logo is on the Internet does not mean that logo is available for anyone to use. If you get written permission from a team or school to use their logo, just forward that letter to us so we can contact that person and make sure that we have the correct art to use.

PLEASE KEEP IN MIND ...that our busiest time is ALWAYS the 1st of July until the 15th of September. so ALWAYS allow the full 10-15 business days required at that time of year for production. ALWAYS give us the date you need your order in hand so that we can 1) schedule it accordingly and 2) create free time in our schedule to help other customers with rush orders. Because we desire to treat others as we desire to be treated, we do not charge "rush charges" to push orders in ahead of others. If you need an order rushed, we will do everything that we can to accommodate you, but to get your order on time, you may need to pay for overnight shipping.

Thanks for your business -

ART INSTRUCTIONS -Please supply your electronic art as an .eps or .pdf. We can accept files in Freehand and Illustrator. If you have a Corel Draw file please export it as an AI file. Please always convert fonts to curves/paths/outlines. Send electronic art to: cwillis@athleticdecals.com. If you have an original decal that you want us to duplicate, drop it in an envelope and mail it to us. If you need to put it on paper after pulling it off a helmet, put it on colored paper, wax paper or foil. That will allow us to scan it correctly. If you want to scan the decal and e-mail it to us, please scan as a .jpeg or .tif at 240-300 dpi. Please include the correct size. DO NOT send us low resolution jpegs or fax art. Low resolution art is generally found on the Web, and will not enlarge cleanly enough for us to retrace it. To find out if a graphic is low resolution, bring it up to the size you want and print it out. If it does not print out cleanly, we will not be able to retrace it. Faxes are not reliable to send correctly sized artwork and usually do not reproduce art cleanly enough for us to retrace it. **X-D ART/PHOTOSHOP FILES** - please send at the size required (larger is better) and at least 150 dpi resolution - 300 dpi is best
